The Geelong College Recreation Centre
Holiday Intensive Swimming Program

The Holiday Intensive Swimming Program at The Geelong College Recreation Centre is a concentrated swimming and water safety program conducted over five consecutive days. We cater from 3.5-year-olds and onwards, The program covers all RLSSA Swim and Survive levels. Each holiday program consists of 30-minute lessons conducted each day over five consecutive mornings (Monday - Friday).

Past programs have developed major improvements in our participants, due to small class numbers, a quiet learning environment and qualified teachers with industry currency.

Swimming during the school holidays is a great alternative to lessons throughout the term for families with busy schedules.

For those already enrolled in the Recreation Centre's Learn-to-Swim program, this holiday program will assist children in consolidating skills they need to complete in order to achieve their next level, or to kickstart their progress into a new level.

Enrolment

The enrolment process is made simple with our online enrolment forms. These forms are a requirement for your child's enrolment, as it will assist us with assigning your child to the correct level. These forms can be found at: www.geelongcollege.vic.edu.au/community/recreation-centre/learn-to-swim-and-holiday-programs

On submission of your enrolment form, a $20 deposit per participant will need to be made over the phone on 5226 3129 or in person to confirm your enrolment in the program. You will be notified via email of class times and teachers one week prior to the program's commencement.

Fees

The holiday program fee is $85 per an enrolment. If you have three or more enrolments, the first two enrolments are $85 and the remaining are charged at a discounted rate of $76.50.

Payments

A $20 deposit per participant is to be made over the phone or in person to confirm an enrolment. The remaining balance is to then be paid prior to the commencement of the first lesson.
